Date: Thursday, January 28, 2021 12:56:00 PM

Dear Colleagues:

After much discussion amongst us, we have agreed to the following course name changes. Please respond to this message to indicate your approval of these changes.

PHYS 185-Solar System Astronomy  
PHYS 185L-Solar System Astronomy Laboratory  
PHYS 187-Stars, Galaxies, and Cosmology  
PHYS 187L-Stars, Galaxies, and Cosmology Laboratory

Further, we (USD, DSU, BHSU, and SDSU) should each try to submit a Minor Course Modification to our respective Academic Affairs Offices, let's say by Monday morning, so they should be received by BOR at roughly the same time and be processed together.
