1. Provide specific reasons for the proposal of this course and explain how the changes enhance the curriculum.
This introductory course would be offered to prepare pre-respiratory therapy students with baseline medical terminology that will be necessary when evaluating medical records, research, and communicating with the interprofessional team in the clinical setting. The course is needed to ensure students are provided with the basics of the respiratory care profession. This will enable them to make informed decisions about their potential areas of focus and will tie in with other course offerings in the curriculum.
2. Note whether this course is: Required Elective
3. In addition to the major/program in which this course is offered, what other majors/programs will be affected by this course?
